Knowledge

Summary

Programming

$0\ LOC \longrightarrow 5000\ LOC$

JS • Java • Python • HTML-CSS

C • C++ • C# • Matlab • TS • Dart

PHP • SQL • LaTeX • Solidity

Languages

Spanish - First Language.
English - Fluid (B2 Cambridge).
French - Basic Knowledge.

Education

2002 - 2014	**High School** (GPA: 5.0/5.0) Colegio Reyes Católicos
2014 - 2019	**B.Sc. Computer Science and Systems Engineering** (GPA: 4.2/5.0) Pontificia Universidad Javeriana Cali
2018 - 2019	**SUGAR Network Student** Stanford University Global Alliance for Redesign

Experience

Feb 2020 - Current **Mobile Developer** *Serempre*
- React Native / React Js Developer. Usage of Redux for data persistance. Applied Scrum methodology.

Aug 2019 - Dic 2019 **Web Developer** *iFixandRepair*
- Full Stack Development, redesigning of UI/UX experiences. PHP, HTML5, CSS3, JavaScript, Laravel, Vuejs.

Jun 2018 - Jul 2019 **Software Engineer** *FIBCO*
- Digital insurance startup focused on blockchain solutions, worked in a distributed system of flight delay passenger compensation. Blockchain and smart contracts developer. Solidity. Part-time job.

Oct 2018 - Jun 2019 **Design Thinker** *SUGAR Network*
- The corporate sponsor Philips gave us the challenge brief of designing a platform or device for in-home monitoring of post-operative orthopaedic patients. Stanford University Global Alliance for Redesign. Team work between Javeriana Cali University and ISDI Mumbai. Showcased in San Francisco - California. Flutter Development.

Feb 2016 - Dec 2018 **Teaching Assistant** *Pontificia Universidad Javeriana Cali*
- Machine Learning TA at Engineering phD.

Conferences and Courses

Oct 2018 **Blockchain Summit Latam** *Blockchain Summit LA*
2nd version of the Blockchain Summit Latam in Bogotá, CO. Developers and Enterprise Blockchain.

Awards

Nov 2017 **BEISyC Scolarship** *First awarded of BEISyC Scolarship (link)*
Computer Science Alumni Scolarship for helping featured students with excellent grades and vision.

Skills

Frameworks / Technologies:

React Native • ReactJs • Redux • Vue.js • Flutter • Firebase • Tensorflow • Keras • Pandas • Git • Docker.
